Welcome

Dear Colleagues,

We are thrilled to welcome you to the course *Endoscopy for IBD: Changing the Paradigm of Scoping IBD Patients*. This course will provide in-depth insights into the latest advancements in endoscopy for IBD patients. You will have the opportunity to learn about high-quality endoscopy techniques, bowel preparation in complex cases, and cutting-edge imaging technologies, all through live procedures and engaging clinical case discussions.

In collaboration with Endoscopy On Air, this event ensures that expert knowledge is accessible to you, wherever you are.

We look forward to an exciting and insightful educational experience with you.

Warm regards,

C. Bezzio

A. Armuzzi

Endoscopy for IBD: changing the paradigm of scoping IBD patients

May 15th, 2025 – from 4.00 pm to 6.00 pm

Scientific Rationale

Endoscopy plays a pivotal role in the management of **Inflammatory Bowel Disease (IBD)**, offering innovative approaches to diagnosing and treating conditions such as Crohn's Disease and Ulcerative Colitis.

As techniques and technologies evolve, healthcare professionals are better equipped to address the complexities of IBD, **though challenges in decision-making, bowel preparation, and complication management persist.**

This course provides a comprehensive overview of the latest advancements in IBD endoscopy, **focusing on optimizing diagnostic and therapeutic techniques.** Participants will explore **key topics**, including advanced endoscopic approaches, bowel prep in complex cases, live procedure demonstrations, and clinical decision-making. Interactive discussions will help bridge the gap between theory and practice.

By the end of the session, attendees will have gained **practical insights and strategies** to enhance patient care in endoscopic IBD management.

Faculty

Our distinguished faculty brings together leading experts in endoscopy. Each member is dedicated to advancing the field and sharing their invaluable expertise to enhance your learning experience.

Course Directors

Alessandro Armuzzi
*Humanitas Research Hospital,
Rozzano (MI), Italy*

Cristina Bezzo
*Humanitas Research Hospital,
Rozzano (MI), Italy*

This Event's Directors

Marietta Iacucci
*University College Cork,
Ireland*

Arnaldo Amato
*ASST Ospedale Manzoni,
Lecco, Italy*

Speakers

Sandro Ardizzone
ASST Fatebenefratelli Sacco, Milan, Italy

Flavio Caprioli
*Fondazione IRCCS Ca' Granda
Opedale Maggiore Policlinico, Milan, Italy*

Arianna Dal Buono
*Humanitas Research Hospital,
Rozzano (MI), Italy*

Endoscopy for IBD: changing the paradigm of scoping IBD patients

May 15th, 2025 – from 4.00 pm to 6.00 pm

Gianpiero Manes

ASST Rhodense, Milan, Italy

Olga Maria Nardone

Università of Naples 'Federico II', Naples, Italy

With the participation of

Federico Barbaro

Policlinico Universitario 'A. Gemelli', Rome, Italy

Irene Bergna

ASST Ospedale Manzoni, Lecco, Italy

Antonella Contaldo

AOU Policlinico di Bari, Italy

Roberto De Sire

Humanitas Research Hospital, Rozzano (MI), Italy

Mauro Grova

AO Ospedali Riuniti Villa Sofia Cervello, Palermo, Italy

Gian Eugenio Tontini

IRCCS Cà Granda Ospedale Policlinico, Milan, Italy

Event Agenda

Welcome and Introduction

A. Amato, A. Armuzzi, C. Bezzio, M. Iacucci

04.00 How to perform high quality Endoscopy in IBD patients

A. Amato

04.10 Bowel prep in challenging cases

G. Manes

04.20 *Live procedures from Humanitas Research Hospital* **Defining diagnostic findings for CD and UC + Clinical case with live procedure and decision making**

A. Dal Buono, A. Amato, O. Nardone

04.50 Optimal therapy for mild to moderate UC

S. Ardizzone

05.05 *Next-Gen Tools*

The new technologies for Endoscopic imaging

R. De Sire, G. E. Tontini

05.20 *Live procedure*

- Live procedures with AI

M. Iacucci, O. Nardone

Endoscopy for IBD: changing the paradigm of scoping IBD patients

May 15th, 2025 – from 4.00 pm to 6.00 pm

- 05.30** *Recognizing Innovation*
2024 Best paper in Endoscopy for IBD
I. Bergna, A. Contaldo, M. Grova
moderated by F. Caprioli
- 05.50** **AI for IBD**
M. Iacucci
- 06.00** **Closing remarks**
A. Amato, M. Iacucci

General Information

About Endoscopy On Air

Endoscopy On Air is the world's largest virtual platform for endoscopy education.

It delivers live-streamed procedures and expert insights, making cutting-edge knowledge accessible to professionals worldwide.

Committed to innovation and collaboration, the platform empowers endoscopists at all experience levels to advance their skills and improve patient care.

Future Events

This series of courses continues with two additional sessions, currently scheduled for **June 11th** and **September 24th, 2025**.

Further details on these courses, including official programs, will be available on the website listed at the bottom of the program's back cover.

Endoscopy for IBD: changing the paradigm of scoping IBD patients

May 15th, 2025 – from 4.00 pm to 6.00 pm

Registration

Secure your spot for this invaluable educational event by registering today! Participation is free, but spaces are limited. Don't miss the chance to learn from leading experts in endoscopy.

Click the "**Free registration**" button to reserve your access and take the next step in advancing your professional development.
